- Crumb Cake CS: a 4 ¼" x 11" piece
- Blushing Bride CS: a 3 ⅞" x 5 ⅞" piece and a scrap piece
- Early Espresso CS: a 3 ¾" x 5" piece
- Very Vanilla CS: a 3 ⅝" x 4 ⅞" piece

Directions:

1. Lay the template over the 3 ⅝" x 4 ⅞" piece of Very Vanilla CS, so that the image is over the left hand side of the CS. Hold it in place with a few pieces of Removable Tape Matte.
2. Tap the VersaMark pad over the template pressing the ink pad down so that the ink presses onto the CS.
3. Remove the template and the pieces of Removable Tape Matte.
4. Sprinkle the stamped image with Earthtone Pepper embossing powder. Tap off any excess powder. Heat the image with a heat tool until the embossing powder is melted.
5. Stamp the greeting in the bottom right hand corner of the Very Vanilla CS, using Early Espresso Classic ink and a Stamp-a-ma-jig.
6. Punch out seven or eight flowers from a scrap piece of Blushing Bride CS, using the Itty Bitty Flower punch.
7. Lay each of the punched out flowers onto a foam mat and working in a circular motion, apply a bit of pressure to the center of each flower until the edges of the flower curl upwards. Repeat with the remaining flowers.
8. Place a medium basic pearl in the center of each flower.
9. Stick each of the flowers to the embossed tree image, where the branches from the template are separated, with a mini glue dot.
10. Center and stick the stamped 3 ⅝" x 4 ⅞" piece of Very Vanilla CS to the 3 ¾" x 5" piece of Early Espresso CS, with double sided adhesive.
11. Center and stick the matted stamped image to the 3 ⅞" x 5 ⅞" piece of Blushing Bride CS, with double sided adhesive.
12. Fold the 4 ¼" x 11" piece of Crumb Cake CS in half with a bone folder, creating a 4 ¼" x 5 ½" card base.
13. Center and stick the matted stamped image to the front of the folded card base with Stampin Dimensionals. You're done!
