

# For You Embossed Circle Card

## **Supplies:**

- **Stamps:** She Art Print Texture (Christy Tomlinson - Unity)
- **Ink:** Jet Black Archival ink (Ranger); Frost White ink (ColorBox); VersaMark ink refill (Tsukineko); Bombay Black India ink (Dr. Ph. Martin's)
- **Paper:** Ebony CS, Smooth White CS (Bazzill); Tempting Turquoise CS (Stampin' Up!)
- **Accessories:** bone folder, Stamp-a-ma-jig (Stampin' Up!); California Sunshine Regular embossing powder, Cotton Candy Regular embossing powder, Bubble Gum Regular embossing powder (WOW! Embossing); Heat It! tool (Ranger); chipboard circles, chipboard rings (Maya Road); Tape Runner XL (thermo-web); Tombow multi-purpose liquid adhesive (Tombow); ABC stickers (lily bee designs)

## **Dimensions:**

- Tempting Turquoise CS: a 7" x 10" piece
- Ebony CS: a 4 3/4" x 6 3/4" piece
- Smooth White CS: a 4 5/8" x 6 5/8" piece

## **Directions:**

1. Fold the 7" x 10" piece of Tempting Turquoise CS in half, with a bone folder, creating a 5" x 7" card base. Set aside for a moment.
2. Using a Stamp-a-ma-jig, stamp the text image onto the top of the 4 5/8" x 6 5/8" piece of Smooth White CS, using Jet Black Archival ink.
3. Using a Stamp-a-ma-jig, stamp the text image onto the 4 5/8" x 6 5/8" piece of Smooth White CS, just below the previous stamped image, using Jet Black Archival ink. Repeat until the entire 4 5/8" x 6 5/8" piece of Smooth White CS has been stamped. Heat this with a heat tool until the ink is dry.
4. Place a few drops of VersaMark ink refill on your finger. Rub your finger around the perimeter of the 4 5/8" x 6 5/8" piece of Smooth White CS, re-inking your finger as needed. Sprinkle Cotton Candy Regular embossing powder over the edges of the 4 5/8" x 6 5/8" piece of Smooth White CS. Tap off any excess embossing powder. Heat this with a heat tool until the embossing powder has melted.
5. Center and stick the 4 5/8" x 6 5/8" piece of Smooth White CS to the 4 3/4" x 6 3/4" piece of Ebony CS, using double sided adhesive. Set aside for a moment.
6. Lay out your chipboard circles and rings. Divide these chipboard pieces into three piles, one pile for each color of embossing powder you will be using.
7. Working with your first pile of chipboard pieces, pat a Frost White ink pad over the surface of the chipboard pieces. Sprinkle Cotton Candy Regular embossing powder over the chipboard pieces. Tap off any excess embossing powder. Heat these with a heat tool until the embossing powder has melted.
8. Working with your second pile of chipboard pieces, pat a Frost White ink pad over the surface of the chipboard pieces. Sprinkle California Sunshine Regular embossing powder over the chipboard pieces. Tap off any excess embossing powder. Heat these with a heat tool until the embossing powder has melted.

9. Working with your last pile of chipboard pieces, pat a Frost White ink pad over the surface of the chipboard pieces. Sprinkle Bubble Gum Regular embossing powder over the chipboard pieces. Tap off any excess embossing powder. Heat these with a heat tool until the embossing powder has melted.
10. Lay the embossed chipboard circles and rings onto the matted  $4 \frac{5}{8}$ " x  $6 \frac{5}{8}$ " piece of Smooth White CS, for proper positioning. Once you have proper positioning, stick the chipboard circles and rings to the CS, using Tombow multi-purpose liquid adhesive.
11. Remove the lid from the Bombay Black India ink bottle. Remove as much ink as you can from the dropper. Flick the remnants of the ink from the dropper over the surface of the matted  $4 \frac{5}{8}$ " x  $6 \frac{5}{8}$ " piece of Smooth White CS. Heat this with a heat tool until the ink is dry, being careful to not leave the heat tool in one area for too long as you don't want to burn the melted embossing powder.
12. Center and stick the matted  $4 \frac{5}{8}$ " x  $6 \frac{5}{8}$ " piece of Smooth White CS to the card base, using Tombow multi-purpose liquid adhesive.
13. Using the ABC stickers, stick the letters for the greeting "for you" onto the yellow embossed chipboard circle, in the bottom right hand corner of the card. You're done!
