5. Stamp the greeting in the center of the 1 ¾" x 5 ½" piece of Crumb Cake CS, using Early Espresso Classic ink.
6. Cut a fishtail on each end of the 1 ¾" x 5 ½" piece of Crumb Cake CS, using paper snips.
7. Fold the greeting flag, as shown in the video, using a bone folder
8. Die cut and emboss a scalloped oval from the 3 ½" x 4 ¼" piece of Java CS, using the largest die in the Classic Scalloped Oval Small Nestabilities dies and the Grand Calibur.
9. Die cut and emboss a scalloped oval from the 2 ½" x 3" piece of Pumpkin Pie CS, using the second largest die in the Classic Scalloped Oval Small Nestabilities dies and the Grand Calibur.

15. Punch out a circle from the scrap piece of Crumb Cake CS, using a 1 ½" Circle punch.
16. Fold the 3" piece of Brown Grosgrain/Dots ribbon in half, creating a loop. Stick the ribbon loop to the top of the Crumb Cake CS circle, using hot glue.
17. Fold each of the remaining 3" pieces of Grosgrain/Dots ribbon in half and stick them to the Crumb Cake CS circle, as shown in the video, using hot glue. You want to align the ribbons so that the two yellow pieces are directly across from each other.
18. Fold each of the 3" pieces of Solid/Check ribbon in half and stick them to the Crumb Cake CS circle, in between the Grosgrain/Dots ribbon, using hot glue.
19. Trim off any of the extra CS from the bottom of the Crumb Cake CS circle, using paper snips. This will now be the turkey's tail feathers.
20. Stick the stamped turkey body to the tail feathers, hiding any of the ribbon ends, using Stampin' Dimensionals.
21. Color in the beak of the turkey, using a Pumpkin Pie Stampin' Write marker.
22. Stick two small googlie eyes on the turkey, using Tombow multi-purpose liquid glue.
23. Stick the turkey embellishment to the card, so that the turkey's feet are slightly overhanging the greeting flag, using Stampin' Dimensionals. You're done!
