## **Directions:**

1. Fold the 4 ¼" x 11" piece of Crumb Cake CS in half, with a bone folder, creating a 4 ¼" x 5 ½" card base. Set aside for a moment.
2. Die cut a label from the 4" x 5 ¼" piece of Very Vanilla CS, using the Top Note die and the Big Shot.
3. Using Cajun Craze, Old Olive and Daffodil Delight Stampin' Write markers, ink up the flower stamp. You want to color in the petals using the Daffodil Delight marker, the stem and leaves, using the Old Olive marker and then add highlights to the flower petals using the Cajun Craze marker.
4. Stamp the flower image onto the left hand side of the Very Vanilla CS die cut label.
5. Cut off the right hand portion of the Very Vanilla CS die cut label, about ½" to the right of the center points, using a paper trimmer.
6. Stamp the "you" greeting onto the bottom left hand corner of the Very Vanilla CS die cut label, using Early Espresso Classic ink.
7. Center and stick the 3 ¾" x 5" piece of Cajun Craze DP to the 3 ⅞" x 5 ⅞" piece of Early Espresso CS, using double sided adhesive.
8. Lay the 6" piece of Early Espresso Satin ribbon over the matted 3 ¾" x 5" piece of Cajun Craze DP, about 1" up from the bottom, and about ½" in from the right hand side.
9. Stick the right hand end of the ribbon to the matted 3 ¾" x 5" piece of Cajun Craze DP, using double sided adhesive.
10. Wrap the left hand end of the ribbon around to the back of the CS and stick it down using double sided adhesive.
11. Center and stick the matted 3 ¾" x 5" piece of Cajun Craze DP to the 4" x 5 ¼" piece of Cajun Craze CS, using double sided adhesive.
12. Lay the Very Vanilla CS die cut label on the right hand side of the matted 3 ¾" x 5" piece of Cajun Craze DP, aligning the straight edge on the die cut label with the edge of the DP.

13. Stamp the greeting onto the matted 3 ¾" x 5" piece of Cajun Craze DP, just above the ribbon, using Early Espresso Classic ink.
14. Place a small piece of double sided adhesive in the center of a 4" piece of Early Espresso Satin ribbon. Fold the one end of the ribbon over and stick it to the adhesive, creating a loop. Place another small piece of double sided adhesive on the ribbon, over top of the original piece. Fold the other end of the ribbon over and stick it to the adhesive, creating a loop.
15. Lay the double loop ribbon on top of the ribbon on the matted 3 ¾" x 5" piece of Cajun Craze DP, just below the greeting.
16. Wrap the second 4" piece of Early Espresso Satin ribbon around both layers of ribbon, as shown in the video, creating the knot of the ribbon bow.
17. Trim off the end of the ribbon, using Craft scissors.
18. Stick the Very Vanilla CS die cut label to the right hand side of the matted 3 ¾" x 5" piece of Cajun Craze DP, aligning the straight edge on the die cut label with the edge of the DP, using Stampin' Dimensionals.
19. Center and stick the matted ¾" x 5" piece of Cajun Craze DP to the card base, using Stampin' Dimensionals. You're done!
